

APPENDIX 13-A

Water Well Consultation

July 19, 2021

Water Well Information Request – AES Clean Energy Development, Somerset Solar
Somerset, Niagara County, NY

Dear Respected Property Owner:

Tetra Tech has been retained by AES Clean Energy Development, LLC (AES), a renewable energy developer and owner/operator, to provide technical support related to the “Somerset” photovoltaic (PV) project planned in the Town of Somerset and Town of Barker in Niagara County, New York. As part of the project due diligence, as required by New York Consolidated Law, Executive Law Section 94-c, AES is required to conduct a survey to determine if private water supply wells exist within 1,000 feet of the project site.

The intent of this survey is only to establish the presence or absence of a private water supply well at your property. The survey is only for data collection and no on-site field reconnaissance or inventory is currently being performed. While this information and response are optional, your response will help in project planning, and ensure that your private water supply well is appropriately considered during project development. If you have a private supply well on your property and would like to provide a response to this survey please e-mail me at jodi.hunt@tetrattech.com. To be included in this survey, please respond by email or phone by August 10, 2021.

If you have any questions or would like to discuss, please contact me at (585) 417-4007.

Regards,

Jodi L. Hunt, Project Manager

Tetra Tech, Inc.
On behalf of AES and Somerset Solar LLC

TETRA TECH

July 28, 2022

Water Well Information Request – AES Clean Energy Development, Somerset Solar
Somerset, Niagara County, NY

Dear Respected Property Owner:

Tetra Tech has been retained by AES Clean Energy Development, LLC (AES), a renewable energy developer and owner/operator, to provide technical support related to the “Somerset” photovoltaic (PV) project planned in the Town of Somerset and Town of Barker in Niagara County, New York. As part of the project due diligence, as required by New York Consolidated Law, Executive Law Section 94-c, AES is required to conduct a survey to determine if private water supply wells exist within 1,000 feet of the project site.

The intent of this survey is only to establish the presence or absence of a private water supply well at your property. The survey is only for data collection and no on-site field reconnaissance or inventory is currently being performed. While this information and response are optional, your response will help in project planning, and ensure that your private water supply well is appropriately considered during project development. If you have a private supply well on your property and would like to provide a response to this survey, please e-mail me at Linda.Rivard@tetrattech.com. To be included in this survey, please respond by email or phone by August 19, 2022.

If you have any questions or would like to discuss, please contact me at (207) 205-7168 or via email at linda.rivard@tetrattech.com.

Regards,

Linda Rivard, Project Manager

Tetra Tech, Inc.

Water Well Information Request – AES Clean Energy Development, Somerset Solar
Somerset, Niagara County, NY

Dear Respected Property Owner:

Tetra Tech has been retained by AES Clean Energy Development, LLC (AES), a renewable energy developer and owner/operator, to provide technical support related to the “Somerset” photovoltaic (PV) project planned in the Town of Somerset and Town of Barker in Niagara County, New York. As part of the project due diligence, as required by New York Consolidated Law, Executive Law Section 94-c, AES is required to conduct a survey to determine if private water supply wells exist within 1,000 feet of the project site.

The intent of this survey is only to establish the presence or absence of a private water supply well at your property. The survey is only for data collection and no on-site field reconnaissance or inventory is currently being performed. While this information and response are optional, your response will help in project planning, and ensure that your private water supply well is appropriately considered during project development. If you have a private supply well on your property and would like to provide a response to this survey, please e-mail me at Linda.Rivard@tetrattech.com. To be included in this survey, please respond by email or phone by August 23, 2022.

If you have any questions or would like to discuss, please contact me at (207) 205-7168 or via email at linda.rivard@tetrattech.com.

Regards,

A handwritten signature in blue ink that reads 'Linda Rivard'.
