§358.7(a) – Contemporaneous Disclosure

There are no events to report at this time.

§358.7(c) – Voluntary Consent by Non-Affiliated Transmission Customer

N/A

§358.7(e)(1) – Affiliates with Marketing Function Employees

The AES Corporation indirectly through subsidiaries owns a number of entities, that generate or market power within the United States that are listed below, excluding small Qualified Facilities. Those identified with an asterisk have market based rate tariffs on file with the FERC. The entities in the first group below are all wholly-owned, indirect subsidiaries of The AES Corporation, headquartered in Arlington, VA. In some instances, these entities have marketing function employees dedicated to the entity or a group of geographically close entities. In other instances, the marketing function employees are within the centralized service company, AES US Services, LLC, and provide marketing function services to multiple entities.
