

Town of Brownville – July Riverside Solar Project Update

Project development activities for the Riverside Solar Project are ongoing, and there are no significant project updates to report currently.

AES is currently working to identify an Engineering, Procurement, and Construction (EPC) firm to support and execute the construction phase of the project.

Pre-construction tree clearing activities are anticipated to begin in November 2027*, with construction expected to be completed by 2029*.

For additional information about the Riverside Solar Project, please visit our project website at <https://www.aes.com/sustainability-impact/people-communities/projects/riverside-solar-project>.

If you have any questions or comments regarding the Riverside Solar Project, please contact us via email at Riversidesolar@aes.com or through the project hotline at 866-757-7697.

*The original dates shared in the Riverside Solar update : Tree Clearing Activities beginning November 2028 and COD by end of 2029 were incorrect.

The correct dates are: Tree Clearing activities are expected to begin November 2027 and project COD is anticipated in 2029.

AES apologizes for these errors.
