Re: September update for White Creek Solar Host Communities

AES would like to inform the York and Leicester Town Boards about key updates regarding the White Creek Solar project. This update will be posted on the project webpage in the “Updates” section by Friday, September 11, 2026.

Full civil construction for the project is anticipated to begin **December 2026**.

September 2026 activities:

- The majority of the grubbing and processing of logs and stumps has been completed. Work south and east of the Abbey continues.
- Installation and maintenance of erosion and sediment control best management practices throughout the site.
- At the temporary laydown east of River Road there has been a partial demobilization of equipment from the site.

If there are any questions or concerns, please do not hesitate to reach out to the project team:
